## Baddies west episode 9 release date

Baddies is an American reality TV series that premiered on the Zeus Network in May 2021. The show was created as an unofficial spin-off of the popular "Bad Girls Club" series and has since become a standalone show with over 70 original episodes and 18 specials aired to date. The show features a cast of women who are part of various challenges, conflicts, and personal struggles, all while living together in a shared house. Over the seasons, there have been changes to the cast, with some members departing or joining new lines. Seasons 1-5 featured a core group of seven cast members, including Seven Craft, Judith Jackson, Natalie Nunn, Sarah Oliver, Christina Salgado, Janelle Shanks, and Sidney Starr, who were introduced as series regulars. Meghan James made appearances in recurring capacities throughout the season. In Season 6, Craft, Jackson, Oliver, Salgado, Shanks, and Thomas left the show, while Starr joined on a recurring basis. New cast members, such as Elliadria "Persuasian" Griffin, Chrisean "Rock" Malone, and Briana Walker, were introduced in subsequent seasons. The show has received praise for its raw, unfiltered portrayal of life among young women, but also criticism for some of the more sensationalized and confrontational elements. Despite this, Baddies remains a popular reality TV series with a dedicated fan base. The third season of "Baddies" premiered on August 28, 2022, and concluded on January 22, 2023. The show features new cast members, including Damerlin "Biggie" Baez, Stunna Girl, Tommie Lee, Lo London, Cleo "DJ Sky High Baby" Rahman, Monique "Razor" Samuels, and Catya Washington. The season consisted of 20 episodes, which were released over several months. The show follows the lives of a group of women as they navigate love, friendship, and drama in Los Angeles. The fifth season of "Baddies" premiered on February 18, 2024, and consisted of two episodes initially released back-to-back as "Reunion: Part 2" and "Reunion: Part 3". The show features a diverse cast of supporting actors who joined the series this season. In contrast to previous seasons, the newcomers and replacements are pitted against each other in an all-out battle. The season begins with auditions for the new Baddies, where ladies from different parts of the country compete for a spot on the show. As they arrive in Miami, the competition heats up, and things get even more intense on the main stage. Throughout the season, alliances form, feuds escalate, and drama unfolds. Natalie and Tommie have a confrontation over the ocean, while Mariahllynn's mom gets involved in Ahna's beef with her. Kaliwae and Gretchen bond over taking on half of the house, but tensions rise when Mariahllynn confronts Ahna about her involvement. As the season progresses, the Baddies travel to the Caribbean for a welcome party, followed by a chaotic dinner, where Natalie and Rollie have unfinished business with ET. The season culminates in a birthday celebration at Zeus CEO's party, but drama lingers, leaving viewers wondering what's next. The sixth season of the reality TV show "Baddies" has been announced, with new cast members joining and others departing. The season will feature several reunions and conflicts between the ladies.
