Rowling's ubiquitous boy wizard couldn't conquer new territory, Harry Potter is making his official Broadway debut this weekend with the opening of Harry Potter and the Cursed Child. The show was a huge hit on London's West End, and it's already crashing ceilings in New York: In previews, it just set a weekly box-office record for a nonmusical.Personally, I'm not a fan of the franchise, which is to say, I don't really know what a Muggle is and have never bothered to Google it. But given that the Potterverse has endured for more than two decades-and has a dedicated fan base that now spans generations-I was still curious about its capacity as a money-generating enterprise. How much is it actually worth? The most recent estimates seem to have been calculated last year, which marked the 20th anniversary of the first Harry Potter book. The Financial Times reported that Potter Inc. was a \$25 billion business.That's a broad estimate, though. What's really interesting about the Potter franchise is how it's managed to dominate every possible medium-from books, movies, and live events, to the more recent stage show-and fans can be very particular about which they most prefer.So maybe the better question is: How much is Harry Potter worth to you? That's a question I can't answer, but for fun, I've rounded up a few stats below to help you think about it: Harry Potter memes have been a mainstay on the internet for longer than some of the youngest fans of the series have been alive. Many Harry Potter memes rely on knowledge that only fans of the books or movies will have, while others are reaction images that convey a feeling or mood that anyone looking at the meme will understand. Harry Potter memes are often used on social media as inside jokes. Here's our list of 20 hilarious Harry Potter memes. Yeah, and you're a hairy wizard. So what? In this Harry Potter meme, the image is split in half horizontally, with Hagrid on top and Harry Potter on the bottom. In the first movie, Hagrid tells Harry he's a wizard, and Harry replies, "I'm a what?" This is a play on words. A watt is a unit of power. We're good. We're good. This Harry Potter meme shows a snake lifting itself up off the floor and leaning against a door. This meme makes a joke about a snake, which is typically associated with the story's antagonist, Voldemort, proselytizing for him door-to-door. Aren't the railings a giveaway? This Harry Potter meme features a walled-off escalator. In the stories, children board a train to Hogwarts by walking through a wall at the train station. The joke here is that instead of a wall, there's an escalator. Refuses to let Snape teach defense against dark arts, hires the most dangerous instructors to teach the class. Somehow, it all works out in the end. Warner Bros. Pictures Draco Malfoy is a mischievous bully and everyone's favorite bad boy. Dressed in the colors of the Slytherin House, Draco's attire shows his loyalty with a tie, scarf, and robe. Slytherin ScarfA green and silver Slytherin scarf is easy to pull off by hot-gluing pieces of felt together, similarly to the making of Harry Potter's scarf. If you can't find silver felt, gray works just as well. Slytherin TieStart out with a green tie, and then stripe it up with silver enamel paint and a paintbrush. Fabric puff paints also work and add a bit of texture to the tie. Again, place a ruler against the tie to keep your lines straight. Slytherin RobeA Slytherin robe can also be achieved with a black graduation robe. Paint the inside green with fabric paint for an authentic look. ClothingFind a white button-down shirt, a black or gray vest to wear over it, a pair of black slacks, and black dress shoes. HairDraco wears his platinum blond locks cut straight across his ears. This is typically known as the "bowl cut" because it can be achieved by sticking a bowl on the top of your head and cutting around it. For a younger Malfoy look, slick your hair back and to the left side. For an older Malfoy rendition, style your bangs with a little bit of gel to create a slight part at the center of your forehead, and then leave the bangs to hang in your eyes. If you don't have the right hair color, spring for a cheap blonde wig. WandFollow the directions for Harry Potter's wand to make this added accessory. Move aside, Santa Claus. There's a new bearded man in town. Wizards and muggles alike can now enjoy Christmas the way Harry, Hagrid and even Dumbledore would've at The Wizarding World of Harry Potter in Florida. From November 18th 2017 to January 6th 2018, the immersive Harry Potter experiences at both Universal Orlando Resort parks will ramp up the magic for a 'tis the season touch. Consider the majestic halls of Hogwarts decked, because everything — everything! — will feature a festive Christmas flair, and it's all included in standard park admission. How magical will it be? Well, the wand shops and whimsical boutiques of Hogsmeade Village at Universal's Islands of Adventure and Diagon Alley at Universal Studios Florida theme parks will be covered in holiday wreaths and garlands and decorate each individual storefront to celebrate the Christmas season. Expect Hogsmeade's snow-capped buildings to blend into the wintry celebration perfectly, but the highlight of it all to be Hogwarts Castle. Each night, the enchanted school will be doused in lights and undergo magical of-the-season changes before young wizard's eyes, thanks to projection mapping technology. (After all, who needs a tree when a 150-foot-tall turret is glimmering in the night sky?) You can toast the holiday with live entertainment in the Harry Potter-themed sections of both Universal Parks, and enjoy holiday treats "taken straight from the stories," like Hermione and Ron would have. Whether that means Universal Studios will serve the mountains of turkey and boatloads of buttery peas from Hogwarts' Christmas dinner or simply Butterbeer with some unexpected magic, we're not sure, but cannot wait to find out. Just hope no ghosts of Christmas past — or in this case, denmentors — drop by to spoil the fun. The Harry Potter-themed Christmas celebration is but one of the holiday events occurring at Universal Orlando Resort, which will debut over-the-top floats and balloons in the all-new Universal's Holiday Parade featuring Macy's this winter, as well as some mistletoe-wielding Minions. At this rate, enjoying the holiday with a dose of magic while potentially escaping any blustery weather back home sounds like a Christmas wish come true. The adventurous tales of the boy with a lightning bolt scar will never end. J.K. Rowling, the author of the one of the most famous book and movie series, Harry Potter, just released a new story on its fan site, Pottermore. The 1,500-word story is written in the form a gossip column for the wizard newspaper, the Daily Prophet, and describes a graying, 34-year-old Harry attending the Quidditch World Cup Final. Unfortunately, the piece is only available to Pottermore subscribers, but multiple reports give a sneak peek, revealing that the story discloses details on character likes Neville Longbottom, Luna Lovegood and of course Ron Weasley and Hermione Granger. Potter-related news continues with a philanthropic announcement from Emma Watson, the actress who plays Hermione. She posted on Twitter that she will serve as a Goodwill Ambassador for the UN Women, the United Nations Entity for Gender Equality and the Empowerment of Women. The organization is made up of representatives who are assigned to help improve life for women and young girls across the world, addressing discrimination and gender equality. Watson will serve as one of these deputies, advocating for women empowerment. "Women's rights are something so inextricably linked with who I am, so deeply personal and rooted in my life that I can't imagine an opportunity more exciting," she said. Meanwhile, Harry Potter, also known as Daniel Radcliffe in the real world, is brewing some Broadway magic in the New York City play, The Cripple of Inishmaan, which ends its showings this month.
