## List of patents in india pdf

List of patents registered in india. List of pharmaceutical patents in india. List of patents in india pdf. List of software patents in india. List of patents in biotechnology in india. List of patents in india 2021. List of patents in india 2019. List of patents filed in india.

The following 33 pages are in this category, on a total of 33 pages. This list may not reflect recent changes (to learn more). JOHNKYRHEN d from India companies in the United States in 2018-19 in sectors such as pharmaceutical, artificial intelligence, chemistry and communication technology, a relationship from the Nasscom body industry said. A total of 1,338 patents were deposited in 2018-19, of which 59.4% were technological patents with computer technology, communication technology and AI to be the top domain areas, the report said. He added that IT services companies like Tata Consultancy Services, and HCL were among the best filers. The report is based on the data extracted from the Database at 31 January 2020 with the support of Sagacious IP. He observed that the 2018-19 data is provisional data, considering that there is a time span of about 18 months from the date of deposit to the date of publication. So some of the patent applications filed for 2018 and 2019 may not have been published (divulged in the public domain) yet, he added. The provisional number for 2017-18 was 1,287. Among non-technical patents (40.6%) in 2018-19, the main domains were chemistry and chemical compositions, pharmaceutical products and mechanical and structural inventions. Among the leading manufacturers are Ltd, Sun Pharma, Welspun and Corporation Ltd. The report said AI continues to drive in terms of total patents deposited under emerging technology, while cloud computing patents has brought in terms of growth. He added that Indian startup deposited over 280 technological patents in the course of 2015-2019 with the maximum patents deposited in the healthcare sector and medical devices. In addition, new age application sectors such as logistics, data mining, games, consumer electronics and vehicle technology have led the history of technological patent growth. If you can't find your question here, please send it to us using the contact form. For more specific legal questions relating to the Indian patent system, please contact:General issues Information on patents in IndiaIndia has patents, added patents, drawings and trademarks. Applications for all these can be presented with the Indian patent office. If you need a more detailed answer, send us your question using the contact form. What are added patents in India? Additional patents concern improvements or changes to patented inventions. An added patent cannot be granted before the main patent is granted. If the main patent is revoked, the patent can request the conversion of the added patent into an independent patent. Addition patents have the same term as the patents for the main invention. If you need a more detailed answer, send us your question using the contact form. How long is the term of protection of Indian patents? The term of protection of an Indian patent is 20 years from the date of deposit of the application, subject to the payment of annual fees. The term of 20 years was introduced by the patent law (amendment) 2002. It also applies to all the patents granted whose term was not expired on 20 May 2003. According to the law before the deadline was 14 years from the date of deposit. If you need a more detailed answer, send us your question using the contact form. What inventions cannot be patented in India? Chapter II, Section 3 of Indian Patents The act stipulates what is not considered an invention under the law and therefore is not patentable in India: the inventions are frivoled or contrary to public order, morality, sanitary Publish, the environment, etc. Scientific discoveries Mere discovered with new forms of known substances Methods of agriculture or horticulture Diagnostic, therapeutic and surgical methods for the treatment of human beings or animals plants and animals other than microorganisms Mathematical or study or study methods for literary use. For more information, see Indian patent law and the Practice Manual and Patent Office Procedure. Manual of the Practice and the Indian Patent Office Procedure If you need a more detailed answer, send us your question using the contact form. Can computer software be patented in India? Under section 3 (K) of the Indian patent law, computer programs as such are not considered patentable subjects, but can be protected by copyright law. An invention containing a computer program can be patentable if an essential part of the claimed invention is subject to matter different from a computer program and if this subject-matter is sufficiently disclosed in the specification. For more details, see the Patent Office Practice and Procedure Manual. If you need plenty detailed detailed send us your question using the contact form. Is India a member of the Patent Cooperation Treaty (PCT)? Yes, India has become a contracting state to the Patent Cooperation Treaty (PCT) on 7 December 1998. Since then it has been possible to designate India in international patent applications filed through the PCT path. If you need a more detailed answer, please send us your question using the contact form. As a foreign candidate, do I appoint a professional representative in India? The law doesn't say you have to. However, if you reside abroad, you must provide an address for the service in India that will be used for all communications by the Indian Patent Office. The address of an authorized patent agent, for example, could serve as a service address. If you need a more detailed answer, please send us your question using the contact form. Which one of the four India warehouse offices should I submit my patent application? The four India deposit offices are in Kolkata, New Delhi, Mumbai and Chennai. Each has a separate territorial jurisdiction. Where you file your application depends on where you live where your business is located, and where the invention originated. For foreign candidates without a job or address in India, territorial jurisdiction is defined by the address or place of activity of their patent agent. To learn more about the territorial jurisdiction of the four offices in India, see the Authorization of Patent Offices on the Indian Patent Office website (IP India). If you need a more detailed answer, please send us your question using the contact form. What language should I use for a patent application in India? The official languages of deposit in India are English and Hindi. In the case of patent applications (PCT) not presented or published in English, a translation in English must be submitted within 31 months. If you need a more detailed answer, please send us your question using the contact form. Can I claim priority for a question in India? Yes, you can claim priority when you file a patent application in India. A certified copy of the priority document must be submitted within three months of the date of application. The priority period is 12 months from the first priority. You can claim more priorities. National priority is also available (based on an application previously filed in India). If you need a more detailed answer, please send us your question using the contact form. What do I do to get an early deposit date in India? For unconventional applications it is possibleAn early deposit date through the deposit of a temporary specification, which must be followed by a complete specification within 12 months of deposit. The provisional specifications cannot be deposited for national division, convention or PCT phase applications. If you need to Detailed answer, send us your question using the contact form. Does India admit divisional questions? Yes, applicants may submit one or more divisional questions at any time before a patent is granted. If you need a more detailed answer, please send us your question using the contact form. What is a provisional specification in India? Provisional specifications can be used to ensure a priority date for a request. They describe the nature of invention without claims and must contain the title and description of invention. Within 12 months of the provisional deposit, a full duty capitate must be presented, including requests and a summary. If you want a more detailed answer, please send us your question using the contact form. Are Indian patents subject to substantial examination? Indian patents are subject to formal and substantial examination. On request (of the applicant or of an interested party) a merit examination is carried out to determine whether the invention meets the patentability requirements (newness, inventive phase and industrial applicability). If you need a more detailed answer, please send us your question using the contact form. How long after submitting an application in India do I have to apply for an examination? You must submit this application within 48 months of the priority date or date of filing the application, if previous. If the application for examination is not submitted within the prescribed period, the application shall be deemed withdrawn. If you want a more detailed answer, please send us your question using the contact form. Can I request my application to be published before 18 months from the date of deposit in India? Yes, you can request early publication. The application will be published within one month of the date of the request, after payment of the prescribed fee. If you need a more detailed answer, please send us your question using the contact form. Can I withdraw my question before it is published in India? Yes. In India, if a request for withdrawal of the application is made within 15 months of the date of deposit or the prior date of priority, the application will not be published. If you want a more detailed answer, please send us your question using the contact form. Can I submit third-party observations on an Indian patent application? Yes. Any person may object to the granting of a patent by submitting observations to the Controller of the Indian Patent Office at any time after the publication of the patent application and before the announcement of the concession decision. The declaration and evidence submitted under this 'preliminary opposition to the concession' will only be taken into account if and when an application for an examination of the application has been submitted. If you need a more answersend us your question using the contact form.When is the first office share usually issued in India?Since May 2006, the first action for office, also The first examination report (FER) is normally issued within six months of the date of the request for examination. If you need a more detailed answer, please send us your question using the contact form. What is the time limit to respond to official actions in India? All legal requirements and objections presented in the first review report (ERR) must be met as soon as possible. If you do not reply to the RES within 6 months of the date of issue, your application will be considered abandoned. If you need a more detailed answer, please send us your question using the contact form. After the concession When do I have to pay annual taxes in India? In India, annual fees are due from the second year of the pending application. You must pay the first annual fee on the second anniversary of the filing date of the complete specification. If the application is granted more than two years after the filing date, the accumulated annual fees shall be payable within three months from the date on which the patent was registered in the Register. Additional annual fees are due each year in advance. India has a two-tier system with different taxes for individuals and legal entities. If you need a more detailed answer, please send us your question using the contact form. Is there a grace period to pay annual taxes in India? Yeah. The deadline for payment of annual fees can be extended up to a maximum of six months. This extension can be obtained on request, subject to payment of a fee for each month of extension. If you need a more detailed answer, please send us your question using the contact form. Can a lapsed patent be restored in India? In India, provided that the non-payment of the annual fee was unintentional, patent holders may file a request for restoration of a patent within 18 months of the expiry date, provided they pay an additional fee. If you need a more detailed answer, please send us your question using the contact form. Can I apply for an extension of the patent term in India? No, India does not currently allow extension of patent terms. If you need a more detailed answer, please send us your question using the contact form. How can I challenge a patent granted in India? Since January 2005, India has had a post-grant opposition system under which it is possible to oppose a granted patent within 12 months of the announcement of the grant decision. Interested parties, or the government, can also petition for the revocation of a patent at any time during the life of the patent. Such petitions must be filed with the Intellectual Property Appeals Board (IPAB) or at the High Court level. If you need more than one answer Send us your question using the contact form. Information sources Where can I find information about Indian patents in English? The Indian patent office website provides a free search system for Indian patent information called "INPASS" (Indian Patent Advanced Search Search The system allows you to carry out full text searches for published patent applications, licensed patents and legal information for Indian patents. It also provides online access to the Patent Office Journal, which is updated weekly on Friday. If you need a more detailed answer, send us your question using the contact form. Where can I find official information on patent fees in India? You will find the current Payment Time of the Indian Patent Office in Form and Taxes on the IP website India. India IP Web Site - Forms and Taxes If you need a more detailed answer, send us your question using the contact form. Can I access the documents in the file of an Indian patent application? Yes'. Once a question has been opened, anyone can submit a written request for file inspection and obtain copies certified to pay the requested fee. Alternatively, provided that the relevant records have been digitized, you can download documents in the file from the free INPASS website of the Indian patent office. INPASS (INDIAN PATENT ADVANCED SEARCH SYSTEM) If you need a more detailed answer, send us your question using the contact form. Where can I find information on patent agents in India? You can find information on patent agents in India in the electronic list of patent agents on the IP India website. Another useful source is the APAA website (India section). Website IP India - Electronic list of patent agents if you need a more detailed answer, send us your question using the contact form. form.
