CORRECT Answer: Photo Courtesy: Silver Screen Collection / Getty Images It's always exciting when a new sequel is released. You can see your favorite characters once more in a new "or not-so-new" story. Sometimes, however, the aftermath seems to go on forever. After a while, you're not sure where it all started! Keep reading for the movies with most of the sequels of the story. Some are five, about fifteen years old, and a little over twenty. Can you guess what movies they'll be? One of the most successful movie series in the horror genre is Halloween, currently in 11 total movies. When it was first released in 1978, viewers were horrified and intrigued by the suspenseful story of serial killer Michael Myers, one that apparently never ends. Photo Courtesy: Sunset Boulevard / Getty Images The first movie influenced many slasher movies to come and continues to be a fan favorite. Two more movies will be released in the next few years: Halloween kills and Halloween extremes. But will it really be the end of the Halloween sequels? Only time will tell. Each movie in the Batman series may not technically qualify as a sequel, but the total number of them is impressive in itself; There are 14 Batman movies dating back to 1943. In fact, the first Batman movies were a form of propaganda for World War II. Photo courtesy: Antman3001 / Flickr Some big names in Hollywood have played this Stoic hero over the years, including Christian bale, George Clooney and Ben Affleck. They have also inspired the movies focused on Batman's Nemesis, the Joker, most recently played by talented Joaquin Phoenix. While Star Trek was a first series, it was also made in multiple feature films. 13 of them, to be exact. Certainly, the films have been successful, are not as well known as the classic series starring William Shatner as Captain Kirk. Photo courtesy: Marc Berry Reid / Flickr It seems that no matter what the advanced costumes and special effects are, audiences are still attached to the actors behind the In so, Star Trek has earned a name as a series (and films) with some of the most important sequelae of all time. Halloween is not the only horror film with a discouraging number of sequelae. A Nightmare on Elm Street presumes nine terrifying deliveries that are worth a marathon of fear films. The plot has some similarities with the previous one, also: a serial killer pursues children, just that he is dead. Photo courtesy: A V A V a a C A O O / Flickr Despite being burned at the bonfire, Freddy Krueger has not finished ravages in the children who sleep. The last film was in 2018, but who knows? We could have any number of sequelae appearing in the future. If it's something like Halloween, it will last many years. The Lobo Man series follows Count Waldemar Daninsky, a wolf man, who often gets into trouble with other terrifying monsters like vampires and even Frankenstein. These films premiered under different names throughout Europe and obtained fair benefits. Photo courtesy: Alfreduzz: B / Flickr The interesting of the sequels of Lobo Man is that they are not sequels in the most pure sense, each film, despite starring the same character, has a different history and background. This was initially confusing for many fans, but it allowed more creative freedom during the writing process. 11 films were released. Earth before time inspires children's memories for many young people from the generation X and Millennials, but it is probably familiar to the youngest generations too. The most recent sequel was launched in 2016, number 14 of the series. Photo courtesy: Kafka4Prez / Flickr The original film premiered in 1988 and followed a group of young dinosaurs in a sensed adventure. He taught important lessons about prejudice, friendship and loss while he imagined life for prehistory creatures. With a plot so unique, it is not surprising that there is so much. Like many series of successful movies, Planet of the Simes inspired a faithful cult at its peak. El el The series was offset by five films released between 1968 and 1973. He protected Charlton Heston in his discovery of a strange future where apes run the world instead of humans. Photo Courtesy: CBS Television / Wikipedia Recently, the series saw a reboot of three new films complete with advanced CGI and links to the original series that Die-Hards would surely not miss. There have also been books, comics, video games and a TV series inspired by the movies. Sometimes, you just want to see cool cars and intense action scenes", and that's exactly what you'll get if you buy a ticket to movies in the fast-paced saga. A great total of nine films have been made in this series since 2001, fasting and furious, and they are not even close to being made. Photo Courtesy: Mcadew / Flickr There are at least three more films in the works, including one that is set to be entirely women-centred. That could be a welcome change to male-dominated films, paving the way for more inclusive films in the future. If you're not in the Star Wars car for now, then you're in the minority. Since the first movie was released in 1977, fans have become positively crazy about the space fantasy saga. Since then, it accumulates ten more movies, never failing in the theaters at the cinemas. Photo Courtesy: Kamikazow / Wikimedia Commons Ask any Star Wars fan, and they'll have a favorite character: the cunning princess Leia, the kindhearted Luke Skywalker, the wise yoda or one of the many other central characters! Fanatics have shown that they will never have enough strength. At any time, October 31st ends, you are likely to see the people posing as the villain of these popular horror movies. Often, they are released exactly on Friday the 13th, which makes them even more exciting to see in the theatres. It has not less than 12 Fridays the 13 movies. Photo courtesy: Arden / Flickr The story isn't nice, as you can probably guess. It all starts with the alleged drowning of a child in the camp, which is coming. With a vengeful spirit. It is the perfect movie to scare friends, and it never happens fashionable! The Harry Potter series not only shook the literary world, but also made a great impact on the cinematographic world. Given the fierce follow-up that already existed for Harry Potter at the premiere of the first film, nobody surprised him the immediate success of him. Photo courtesy: Ilona Higgins / Wikipedia fans saw the three protagonists of the movies and fans grew next to them in many cases. The last book became two movies, ending with eight movies so that the spectators enjoy. That does not count the prequels either. The Rocky series was a basic element for major generations, with many films premiered during the years 70 and 80, but the movies managed to make their way into the 21st century, too. They have been so popular that even the youngest viewers are probably knowing the iconic Rocky theme. Photo courtesy: Michael Ochs Archives / Getty Images The series has a total of eight movies, full of inspiring training assemblies and heartbreaking fighting scenes. If you are trying to encourage or start a new gym routine, you can not go wrong with these movies. What guy does not he like to think that there is something special in them, something that makes them different from the others? This is essentially the premise of the X-Men: certain people have powers, and are dragged to a world of heroism and fight against crime. Photo courtesy of Bagogames / Flickr This idea resonated as much between the fans that has lasted 12 deliveries since 2000. The best thing is that the X-Men team is made up of many different characters, which means that some movies focus on different HA © Roes. There is a variety, suspense and intrigue, so prepare ... This series could last decades. Superman is one of those series that define American society. After everything, it has been Radio program, a television program, a comic and almost everything you can imagine. The man himself is is Of those timeless characters of popular culture that only continues to return for more. Photo courtesy: antman3001 / flickr So, what is the official number of superman movies? Seven in total. It may seem like a small number, but do not worry, you will have more. Nobody is ready to let out that blue jersey and the red coat still. American Pie should not generate many sequelae, but it was such a great success in the cinemas that created three more, along with three other spin-offs. It is not precisely a family film, à € "the plot focuses on a group of friends who try to lose their virginity," but their raw comedy reached the public of all the country. Photo courtesy: Universal Pictures / Getty Images If the title sounds familiar, it is probably because they took him from a popular song of Don McLean. It also refers to a specific scene of the film, but you will have to see it to find out when. It is a wonder that you have managed to make so many consequences of such a difficult movie to see. If you've ever seen a Saw movie, you know that around each corner there is a dreadful and traumatic scene waiting for it to happen. In fact, that is exactly what the viewers pay to see. Do you go through the fingers of the people? Great, if that's what you like. Photo courtesy: Mubarak Althani / Flickr This twisted horror franchise has produced nine movies from 2020, The Organ Donor. The public only can imagine what terrible events will happen on that occasion. Now there is a movie for children. Only has five films of the series, one of the most small from the list, but that does not mean that he can not reach others in the next few years. The last delivery arrived in 2010, so a new film of Karate Kid could be about to appear. Photo courtesy of Columbia Pictures / Getty Images The original 1984 film also inspired a television program and launched Ralph Maccio's career as an actor. I also had important lesson to teach: that mastering the mind is more important than the body. Yeah, Tom and Jerry started out as a Series, but also inspired 12 films that started in 1993 and ended up in 2015. At least, until they make a new one, there are rumors of a live-action version that will come in the future. It seems that there is no end to the crossbones in which this couple can get into! Photo courtesy: Momokacma / Flickr These movies owe their success to the diverse public who attract; Adults and children are rigented from these characters. After all, what can be more entertaining than a cat and mouse game? The films of the police academy are at the oldest end, have not made any new sequel since 1994. In its time, however, they were just. These comedies were about a group of aspirants to police trying to do their work. They got into all kinds of problems, often being hit in the process. Photo courtesy: Archive Photos / Getty Images There are a total of seven movies from the police academy along with a couple of attempts from a series of television. Unfortunately, this franchise has not returned, although movies like Super Troopers have many similarities. A total of six movies complete the Alien series (excluding the alien movies vs. predator), with Alien: Covenant released in 2017. Despite the multiple entrances of the series, however, there is a scene that is possibly the most Memorable: When an alien exploits from John Hurt's chest. That moment was one of the most emblematic of the history of cinema. Photo courtesy: Bagogames / Flickr Although Sigourney Weaver is no longer the protagonist of these suspense movies, who can she reject a good

extraterrestrial plot? The figures show that this classical concept continues to attract the spectators, although forty years have passed since the first à € œ "and it could last forty. King Kong's movies are as imposing as the giant gorilla himself, with twelve movies that have not stopped entertaining. It is one of the most lasting stories. With the first film of Kong debuting in 1933. The monster itself is sometimes complicated. times. Represented as meaningless and destructive, while sometimes it is a poorly understood antihero. Photo courtesy: Keng Susumprow / Flickr King Kong goes to the head with another giant monster, Godzilla, in a new entrance in 2020. They faced these two between Så in 1962, and now they are again. Like many great movies, Hellraiser is based on a book. The Hellbound Heart of Clive Baker was written in 1986 and established the foundation for this popular terror film. The author renounced his rights after the first film, not knowing that they did nine more with the same name. Photo courtesy: Solonas Malkas / Flickr The movies revolve around the beings called Cenobites who seek humans for tortuous experiments. It is a Sadic and terror franchise that attract the same people who love the Sierra, Halloween and Nightmare at Elm Street. Because of its film influence alone, it is worth a clock. For those who like a more relaxing cinema experience, the pink panther will not disappoint you. Whether you go to the oldest films of the years 60 or the most recent reset of the DÅ © cater, you will find comedy and suspense rolled up in a charming movie. Photo courtesy: Mwibbels / Flickr The great thing of these 12 movies is that they give the expectations of the people of a detective, instead of an astute, with a whim of rapid wit, we find a clumsy gooflopa, prone to the accident . When the series restarted, the hilarious performance of Steve Martin made them instant hits. It is not the jaw of characters of characters with a male actor's disguise that makes Tyler Perry's movies. She is a grandmother too high, of hard love, with an attitude, and resonates with many spectators. Photo courtesy: NBC / Getty Images The hilarious comment of him and his most sincere lessons have made 11 successful films throughout the years. People love listening to Madea to say it as outside, even to the point where they will go to see her at a play. That's right, there have also been 11 plays of Madea, many of Based on the movies. When you think about it, what could be better than a talking bear? Apparently, nothing. Yogi Bear was the first animated television character to unexpectedly burst into popularity in the late 1950s. In fact, Yogi was originally a supporting character in Huckleberry Hound. Photo courtesy of Mark Anderson/Flickr Today, however, Yogi has proven to be America's favorite by one shot. There are 11 films by Yogi Bear and counting, along with several TV shows, including Yellowstone from 2020! Your real-life cousins aren't that attractive. Another famous superhero, Spiderman, has eight movies to his name. Originally he was a comic character, but he came to the big screen to rave the critics. People of all ages love the guardian of New York. Photo courtesy of Cristian Bortes/Wikimedia Commons Why is it so popular? It may be because unlike other superheroes who use the cape to take revenge or because they are an almighty being, Spiderman is just an ordinary boy who tries to survive, and even after becoming a superhero, he still has everyday problems. No wonder the crowds keep coming back for more. Not only can you find the Muppets in a total of eight movies, but you can also see them in 27 TV specials. That's a lot of air time. But that's not all! Check out its 11 TV shows, two TV movies and three live-to-video movies. With that amount of content, you could spend months watching only Muppets. There's something about these animated puppets and their silly comedy that people love to see. Kermit the Frog has even appeared on The Tonight Show, Larry King Live and American Idol. If there's one series of movies that could last forever, it's Sherlock Holmes. The original 1939 films had no fewer than 14 deliveries, and that does not include any films made after 1946. The character of the Sherlock dates back to the late 1800s with Sir Arthur Conan Doyle's original novels, and Sherlock's most recent film premiered in 2018 2018. and watson). Photo courtesy of: Hulton Archive / Getty Images with a useful life of more than 100 years, the number of films, television programs and short films patterned from this character are, in fact, many. Will the public from this genius detective be tired? ON SHERLOCK will live forever? Bond. James. Bond. Who could forget it? Bond has become an iconic film character played by seven different actors in a 57-year-old life. He was made famous for Sean Connery at the beginning of the 60 years and was recently interpreted by Daniel Craig. Photo courtesy of Johan Oomen / Flickr What some do not realize, however, is that Bond was originally a literary figure created by Ian Fleming. Initially a bored man at the end of the 30th, the character of Bond has become a hard-speaking womanizer who has survived through 26 films. Needless to say, these movies have done billions of dollars in benefits. The first godzilla film premiered in 1954. This prehistoric monster has reigned in the cinema for more than 50 years, with a total of 35 films produced, more than any other cinematographic franchise in most the cases. As the technology improves, Godzilla only gets bigger, more frightening and more realistic, and it seems that the public does not have enough. Photo courtesy of Fabian Reus / Flickr Godzilla: King of the Monsters came out in May 2019 and Godzilla vs. Kong will go off next year in November. King of the monsters or king of the sequelae à € œ This is difficult to say that title deserves godzilla more. more.
