The third part of one of the most successful horror movies of recent times has arrived on Android. Five Nights at Freddy's 3 takes players back to Freddy Fazbear's pizzeria to face terrifying animatronic creatures. Return to Freddy Fazbear's Pizzeria The story goes like this: thirty years have passed since the first events in the pizzeria, and as time goes by, what happened appears to be a rumor or a legend. The new owners are about to reopen and it's time to spend 5 nights in it again and survive as a night watchman. But that's not all... It turns out that your budget is tight, so you only have a small amount of energy each night to check your CCTV system and monitor your rooms. Control your nerves and overcome your fears to develop a good strategy and prevent the animatronics from surrounding and killing you. This saga gave a lifeline to the survival horror genre. Five Nights at Freddy's was developed by an independent studio and was a huge success. Enjoy the third installment before attacking the fourth. Remember that this is a demo that only allows you to play on the first day ... You just have to decide whether to continue to be afraid and buy the full version or not. Requirements and additional information: Minimum operating system requirements: Android 2.3. Lauriane Guilloux Hi, I'm Lauriane Guilloux.
