The sound of our car-phone in public is something that we all take as a routine matter and, therefore, we rarely pay attention to what kind of bell others are listening to every time we receive a call. The Hot 200 Albums is released every Friday, which is also the global release date for most of the new albums. There are a number of factors that determine if a song is in the top 40 of the list. Using a Tamil note on your ringtone such as MP3 can not only give others a direct impression that you pride yourself on your ethnic values, but it's also great as these tones always have a refreshing atmosphere that radiates through them. This information helps Billboard track the best songs in the world. Data analytics company Nielsen tracks what people listen to each week in 19 different countries and collects information for Billboard's music charts. Mainstream Top 40The top 40 hits are taken from the Hot 100 list published weekly by Billboard magazine. Billboard Hot 100 is published weekly by Billboard Magazine. Nielsen follows radio stations across the country and measures which songs are being played. To track sales and streaming, the Hot 200 Albums Chart calendar is delayed a few days to cover a full week of sales.
