

I'm not a bot

This is a challenge addon inspired by the popular java datapack that makes it so every time you kill a mob there is a chance a random structure will generate. -For this mod i have made it so there is a %20 chance that every time you kill a mob a random structure will spawn-This will work with most mobs -i have also added almost every single structure in the game into the randomizer so there is a chance that this can generate almost anything including boats / villager house / stronghold / library's / pillager outpost / Pyramids and many more structures-Most structures will have chest with loot inside-There is also a chance the end portal will spawn allowing you to defeat the ender dragon a lot quicker.Downloads Votes:0 | Rating:0 Information Users of Guest are not allowed to comment this publication. DescriptionChangelogVersionsEvery time you kill a mob it will spawn a random structure near you. No command to start it, it works automatically if the plugin is in your game.Enjoy!Thanks to notnotnotswipez/strubbe06 for the structure help MCPELand.io Mods Addon: Random Structures Every Minute 11-01-2023, 18:55 This is a challenge add-on that will make it so every minute that passes a random structure will spawn in including overworld, nether and end structures with entities, chest and loot insideCreated By BONY162HOW TO USE:Install and activate the behavior pack and make sure to have cheats enabled.In game the mod has to be activated using this command /function youtube\_bony162Once the mod has been activated you will see a timer at the bottom of your screen once it reaches zero a random structure will spawn and the timer will reset.Any structure in the game has a chance of spawning including structures with chest and loot inside.Nether fortress also have a chance of spawning with blaze spawners allowing you to get blaze rods without visiting the nether.
